## Soil Testing Lab Tour

Here is a great opportunity to get a behind the scenes look at the soil testing lab. There will be a short tour of the various testing labs in the Agronomic Building just prior to this year's New Employee Orientation workshop.

The plan is to start the tour at 10:30 a.m. and be finished by 11:30 a.m. This will allow workshop participants time for a Raleigh lunch adventure before starting the Orientation.

Other Soil and Water Conservation District employees and partners are invited to join the tour.

**Date:** 05/08/2018 (Tue.)

**Time:** 10:30am - 11:30am EDT

**Location:** Agronomic Building, 4300 Reedy Creek Road, Raleigh

Due to safety regulations, participants are required to wear long pants (capris are not allowed) and footwear that completely covers feet. No bare skin below the waist is permitted in the laboratory area of the Agronomic building.
